

Photography, CCTV & Privacy – Parent Guide

Personal Information

We collect and use information needed to manage memberships, bookings, payments, attendance, communication, medical and emergency information, safeguarding and the safe operation of the club.

How Information Is Protected

Access to personal information is restricted to people who need it for an appropriate club purpose. Information is retained and securely disposed of in accordance with our data-protection arrangements.

Photos & Video

Club photography or video may be used for appropriate coaching, communication or promotional purposes where the required permissions are in place. Parents/carers can speak to us about their child's photography preference.

CCTV

CCTV may operate in designated areas for legitimate safety, security, safeguarding and lone-worker purposes. It is not used in areas where people reasonably expect privacy. Access to recordings is restricted.

Families Taking Photos

Please be considerate when taking photographs at club activities. Do not photograph or publish identifiable images of other children without permission, and always follow any event-specific photography instructions.

Questions About Your Data

Parents/carers can contact the club if they have a question about the information we hold or how it is being used.
